CIRCULAR LETTER
TO: ALL CONCERNED.
SUBJECT: Use of coupons in the purchase of alcoholic beverage.

The purpose of this letter is to provide clarification of the Circular Letter on coupons issued February 9, 1983, which letter remains in effect.
The primary area requiring clarification is the use of coupons issued by manufacturers, not retailers, as part of, or attached to,the packages of wine and beer. The only way that coupons may be legally part of, or attached to, the package is for the winery or brewery to put them on at the point of manufacture. Wholesale licensees in Virginia may not place them on the packages at the wholesale premises and coupons may not be shipped in the case to retailers. Further, the policy does not permit coupons themselves to be attached to cut case cards advertising wine, but a reference to the fact that a manufacturer's refund coupon is available in the media may be printed on the cut case card by the manufacturer.
Please note that the interim policy permits retail licensees to use coupons under certain circumstances and manufacturers to use refund coupons under certain circumstances, but no payments may be made or services or materials furnished to retailers by manufacturers.
Please note further that the policy is an interim one which may be rescinded in total if problems develop, or its provisions may be incorporated with appropriate amendments in a final regulation, if adopted after a public hearing as required by law.
Finally, the Commission welcomes any comments from those affected by the policy and, if there are further questions, please direct them to me at (804) 257-0616.
Very truly yours,
Virginia Alcoholic Beverage Control Commission
Larry E. Gilman
Secretary
